RT AUTOMATION / ROTH TECHNOLOGIES

MeasureOD®

OUTSIDE DIAMETER MEASUREMENT

Bring laser and optical micrometer readings into a common software interface for production measurement and statistical process control.

Product and software views from the supplied product brochure

Global and local views

Display measurement trends and real-time statistics for the full dataset and a local measurement window.

Ready-to-print Excel export

Export measurements to Microsoft Excel for review and reporting.

Automatic tower light recognition

Connect the RT Automation Tower Light System and the software recognizes the connected unit.

Measurement hardware support

Supports Keyence LS7601 and LS9501 series controllers, Zumbach ODAC 18XY and ODAC 13TRIO systems, and LaserLinc TotalVu.

Windows 10 and Windows 11

One-time purchase with no recurring subscription.

Discuss your measurement application

Contact us about compatibility with other measurement hardware.
