RT AUTOMATION / ROTH TECHNOLOGIES

MultiWire MeasureOD®

ONE TO SIX WIRES IN ONE MEASUREMENT SYSTEM

Measure one to six wires simultaneously with a compatible Keyence LS-9501 series system and LS-9XXX measurement head.

Product and software views from the supplied product brochure

Automatic controller setup

The software programs the Keyence controller for the measurement function and searches communication ports for the controller.

Graphs and process statistics

View time-domain results and real-time statistical analysis with Cpk targets of 1.00, 1.33, or 2.00.

Measurement lot traceability

Assign a unique sequential manufacturing tracking number automatically to measurement lot history records.

Excel export

Export measurements to Microsoft Excel in a ready-to-print format.

Windows 10 and Windows 11

A shared interface helps operators review measurements across multiple wires.

Discuss your measurement application

Contact us about compatibility with other measurement hardware.
